Opportunities

We have news.

**For some, they may seem tedious, and for others, they are exciting.
For us, they are definitively exciting :-).**

IJBNPA Editor-in-Chief

We seek an Editor-in-Chief for IJBNPA to handle new submissions and continue enhancing the journal's quality and reputation.
IJBNPA is currently a Q1 and 6.457 Impact factor publication.

The expression for interest is open until December 31st, 2021. This position will run from June 2022 till May 2024.

More information [HERE](#).

Membership renewal

We are planning several **exciting membership benefits** soon, such as free webinars (non-members can access them via a fee), capacity building courses, extended discounts for publishing in IJBNPA (negotiations still undergoing), and the usual discount on the conference registration fee.

You can renew your ISBNPA membership now.

1. Login at our [website](#) (you can request a new password)
2. Then go to Membership | ISBNPA Membership
3. Select your membership category. The payment form will show with your details.

4. Confirm those details and select your payment method.

If you are a new member, click [HERE](#), select the member category and fill the form.

ISBNPA Elections

The executive committee election is running until December 12th, 2021.

We sent an individual ballot to each eligible member on November 11th. Gentle reminders will be sent next week and in early December.

We learned that some members **have these messages blocked** by their email services. If you think that this is happening to you, please send an email to António Palmeira (click [HERE](#)) and provide an alternative email so that we can reach you.

We want everyone to have a chance to vote, so please help us have the ballot reach you.

Submit your abstract [HERE](#).

The scientific program is already looking excellent.

We have received 30 symposia and six workshops.

Make sure you join us in sharing your best research in Phoenix, May 18-21, 2022, for our 21st ISBNPA Annual Meeting.

The deadline for regular abstracts is December 7. Therefore, prepare your best work to be presented at ISBNPA 2022 and submit it [HERE](#).

Webinar alert

Title

SIG Young Adults Webinar Aging
Mobility patterns of older Canadians during the COVID-19 Pandemic: Virtual Spaces and Loneliness

When

December 15, 2021, 2100 GMT

One last note, an unfortunate one...

We have learned that some journals are asking you to submit a manuscript about your presentations at XChange 2021.

We did not share any information with these journals. ISBNPA is not linked with any journal other than IJBNPA.

Unfortunately, this is happening. ISBNPA is contacting the journals directly to let them know about our discontentment about how they have presented their request - it looks like it is coming from ISBNPA.

Of course, it is up to you to decide on accepting their proposal. We just want you to know that that request is not associated with ISBNPA.
